

Corporate Governance Report

Corporate Governance Practices

The Company is committed to the principles of corporate governance and corporate responsibility consistent with prudent management. It is the belief of the Board that such commitment will in the long term serve to enhance shareholders' value. The Board has set up procedures on corporate governance that comply with the requirements of the CG Code.

Throughout the year ended 30 June 2017, the Company complied with all the code provisions as set out in the CG Code except for the deviation from code provisions A.5.1 and A.5.6 of the CG Code which are explained below.

Code provision A.5.1

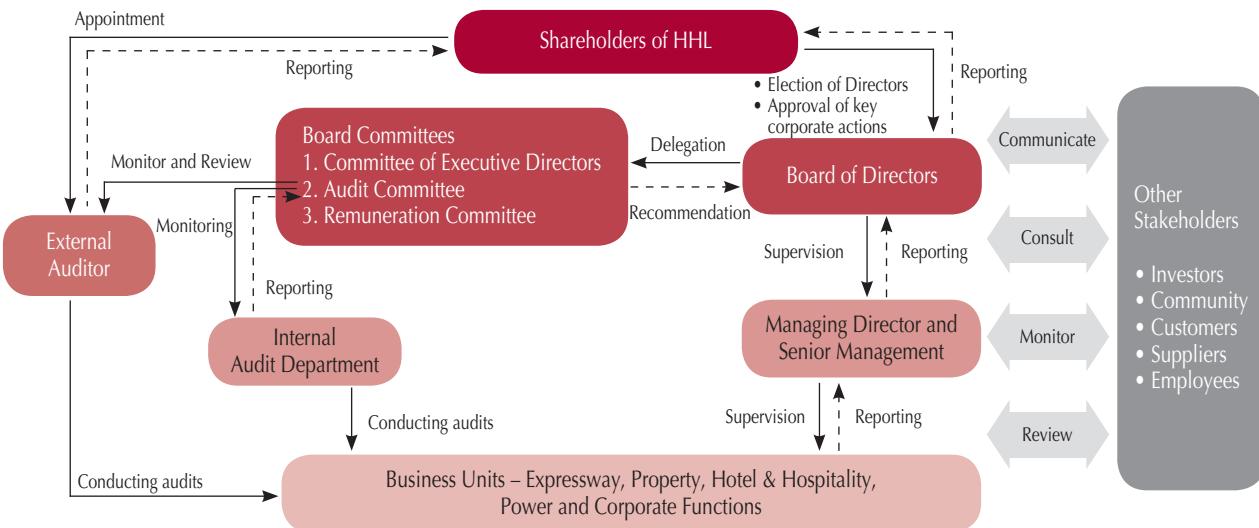

The Company does not consider it necessary to have a nomination committee as the Company already has the policies and procedures for selection and nomination of Directors in place. The Board as a whole regularly reviews the plans for orderly succession for appointments to the Board and its structure, size, composition and diversity. If the Board considers that it is necessary to appoint new Director(s), it will set down the relevant appointment criteria which may include, where applicable, the background, experience, professional skills, personal qualities, availability to commit to the affairs of the Company and, in case of Independent Non-executive Director, the independence requirements set out in the Listing Rules from time to time. Nomination of new Director(s) will normally be made by the Chairman and/or the Managing Director and subject to the Board's approval. External consultants may be engaged, if necessary, to access a wider range of potential candidate(s).

Code provision A.5.6

The Company does not consider it necessary to have a policy concerning diversity of board members. Board appointments are based on merit, in the context of the skills, experience and expertise that the selected candidates will bring to the Board. While the Company is committed to equality of opportunity in all aspects of its business and endeavours to ensure that its Board has the appropriate balance of skills, experience and diversity of perspectives, the Company does not consider a formal board diversity policy will provide measurable benefits to enhance the effectiveness of the Board.
